SKILLS

- **Programming Languages:** Python, Java, JavaScript, TypeScript
- **Web Development:** Tailwind CSS, **Next.js**, JavaScript, TypeScript, React.js, Node.js, Express.js
- **Frameworks & Concepts:** MVC Architecture, NextAuth, REST APIs, OOP
- **Databases:** MySQL, MongoDB, MongoDB Atlas
- **Tools & Platforms:** Git, GitHub, VS Code, Azure, Cloudinary, ImageKit

PROJECTS

AI Studio — AI-Powered Video Publishing Platform

[GitHub](#) [Live](#)

Tech Stack: Next.js, React, TypeScript, MongoDB Atlas, **NextAuth**, Tailwind CSS, ImageKit CDN, REST APIs, OpenAI, Groq, Gemini, OpenRouter, Vercel

- Engineered a full-stack video platform with secure authentication, media upload, public streaming, and creator content management.
- Designed scalable REST APIs for video CRUD, AI metadata workflows, and upload authorization with strict server-side validation.
- Implemented multi-provider AI integration (OpenAI, Groq, Gemini, OpenRouter) with fallback, retries, and graceful degradation.
- Strengthened backend reliability through per-user rate limiting, request timeouts, and defensive error handling.
- Integrated ImageKit CDN for optimized media storage and delivery, resolving production access constraints.
- Deployed on Vercel with environment-based configuration, protected API routes, and production troubleshooting.

Wanderlust — Full-Stack Travel Listing Platform

[GitHub](#)

Tech Stack: Node.js, Express.js, MongoDB Atlas, EJS, Passport.js, Cloudinary, Multer, Mapbox, GeoJSON, Azure

- Built a full-stack travel listing platform with reviews, listings management, and interactive maps using MVC architecture.
- Implemented secure authentication and authorization using Passport.js with session-based login flows.
- Integrated Cloudinary and Multer for image upload handling with optimized storage and retrieval.
- Designed geospatial features using Mapbox and GeoJSON for interactive maps and location-based listings.
- Developed full CRUD operations with input validation and MongoDB Atlas for cloud database management.
- Deployed application on Azure with environment-based configuration and production setup.

EDUCATION

- ❖ **Bachelor of Computer Science (BSCS) ~6th Semester | UBIT, University of Karachi**
- ❖ **Intermediate in Computer Science | Adamjee Govt. Science College | (2021 - 2023)**
